

**Play Title: GAP, KICK, SWING**

**Description: The concept that gets us an advantage or a shot. This concept is what we base our offense on!**

	<p><b>GAP</b></p> <p>The ballhandler wants to attack the GAP between defender 1 and 2. The advantage creates help from a specific defender.</p>
	<p><b>KICK</b></p> <p>We pass the ball to the offensive player who is open. In this scenario it would be offense player number 2. If open he shoots or attacks. Most likely the second helper will rotate to the ball.</p>
	<p><b>SWING</b></p> <p>If the helper does move to the ball we want to swing to our next option. The offensive player is yelling out "one more" or "en till" (Swedish).</p>
